The following chart lists frequently asked questions.

Frequently Asked Questions (FAQ)	Answers
What is a Medicare-Medicaid Plan?	A Medicare-Medicaid Plan is an organization made up of doctors, hospitals, pharmacies, providers of long term services, and other providers. It also has Care Coordinators to help you manage all your providers and services. They all work together to provide the care you need.
What is a Care Coordinator?	HAP Midwest MI Health Link Care Coordinator is one main person for you to contact. This person helps manage all your providers and services and makes sure you get what you need.
What are long term supports and services?	Long term supports and services are help for people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.
Will you get the same Medicare and Michigan Medicaid benefits in HAP Midwest MI Health Link that you get now?	<p>You will get your covered Medicare and Michigan Medicaid benefits directly from HAP Midwest MI Health Link. You will work with a team of providers who will help determine what services will best meet your needs. This means that some of the services you get now may change. If you are currently getting services for mental health, substance use, or intellectual/developmental disability needs, you will continue to get these services the same way you do now.</p> <p>When you enroll in HAP Midwest MI Health Link, you and your care team will work together to develop an Individual Integrated Care and Supports Plan (IICSP) to address your health and support needs. You can keep seeing your doctors and getting your current services for up to 90 days, or 180 days depending on the service, while your IICSP is being completed. When you join our plan, if you are taking any Medicare Part D prescription drugs that HAP Midwest MI Health Link does not normally cover, you can get a temporary supply. We will help you get another drug or get an exception for HAP Midwest MI Health Link to cover your drug, if medically necessary.</p>

If you have questions, please call HAP Midwest MI Health Link at (888) 654-0706, seven days a week, 8 a.m. to 8 p.m. TTY: 711. The call is free. For more information, visit <https://www.midwesthealthplan.com/MIHealthLink>.

Frequently Asked Questions (FAQ)	Answers
<p>Can you go to the same doctors you see now?</p>	<p>Often that is the case. If your providers (including doctors, therapists, and pharmacies) work with HAP Midwest MI Health Link and have a contract with us, you can keep going to them. Providers with an agreement with us are “in-network.” You must use the providers in HAP Midwest MI Health Link network. If you need urgent or emergency care or out-of-area dialysis services, you can use providers outside of HAP Midwest MI Health Link's plan.</p> <p>To find out if your doctors are in the plan's network, call Member Services or read HAP Midwest MI Health Link's Provider and Pharmacy Directory.</p> <p>If HAP Midwest MI Health Link is new for you, you can continue seeing the doctors you go to now while your IICSP is being developed.</p>
<p>What happens if you need a service but no one in HAP Midwest MI Health Link's network can provide it?</p>	<p>Most services will be provided by our network providers. If you need a service that cannot be provided within our network, HAP Midwest MI Health Link will pay for the cost of an out-of-network provider.</p>
<p>Where is HAP Midwest MI Health Link available?</p>	<p>The service area for this plan includes: Wayne and Macomb Counties, Michigan. You must live in one of these areas to join the plan.</p>
<p>Do you pay a monthly amount (also called a premium) under HAP Midwest MI Health Link?</p>	<p>You will not pay any monthly premiums to HAP Midwest MI Health Link for your health coverage.</p>
<p>What is prior authorization?</p>	<p>Prior authorization means that you must get approval from HAP Midwest MI Health Link before you can get a specific service or drug or see an out-of-network provider.
